## DESIGNER NOTES

The Bayview Coffee Table concept came about from a customer who envisioned an intimate "living room" experience in an outdoor application. Created to match the popular Bayview Series of site furnishings, the Bayview Coffee Table incorporates a reverse angle leg motif and is beautifully finished with a recycled plastic lumber table surface. Installed alongside a pair of benches or chairs, this piece invokes conversation and creates a familiar indoor setting in an outdoor environment. This coffee table is easy to install and even easier to maintain.
