Dear Mr. Wilson,

Huyck Industrials Ltd. is an approved applicator of TIGER Drylac architectural products. Huyck purchases and applies coating systems that meet AAMA 2603, AAMA 2604, and AAMA 2605. The pretreatment system complies with the performance criteria for the AAMA specifications. TIGER Drylac Series 29,49,& 59 meet the performance requirements of AAMA 2603. TIGER Drylac 38, 58, & 68 Series products meet the performance requirements of AAMA 2604. TIGER Drylac Series 75 meets the performance requirements of AAMA 2605.

Huyck Industrials Ltd. is a partner with TIGER Drylac in our approved applicator program and is continuing to improve and comply with the criteria and guidelines set out under this program for testing equipment and quality assurance programs. Requalification for this program is done annually and Huyck Industrials is due to re-qualify in the 4<sup>th</sup> quarter of 2010.

Best regards,
