Top Diameter	44 ½ inches / 1130 mm
Weight	280 lbs / 127 kg

RECYCLED CONTENT

64% RECYCLED CONTENT BY WEIGHT
100% RECYCLABLE

DESIGNER NOTES

The honeybee's ingenious honeycomb shape has been used for thousands of years. The Bayview hexagonal picnic table takes its design cues from this ensuring it never goes out of style! While the table shape is ancient and organic, it still brings with it a fresh and modern style that will withstand the rigors of heavy-use and whatever the environment throws at it. By using low-maintenance recycled plastic and aluminum materials, this design as well resists wear and corrosion ensuring years of trouble-free use. The large seating capacity seats six people comfortably, making it a perfect place to picnic with pals. Slip into your seat; there is plenty of space to allow for easy access to the table. The table can be free-standing or bolted down depending on the location. The umbrella hole with a locking mechanism, makes sure that your umbrella doesn't blow away in a wind gust. From the queen bee to the worker bee and to the baby bee, this design gets everyone together!

AVAILABLE RECYCLED PLASTIC LUMBER COLOURS
