Model Number : JLC-34

## DESIGNER NOTES

A modern take on the Muskoka chair, this stylish seat really stands out. We were looking at ways to create a municipal grade chair that was unique but familiar, contemporary yet comfortable and we think we did it! The heavy-duty aluminum frame is strong enough to handle more robust use in a municipal environment and the recycled plastic lumber brings a warmth to the modern frame. Colour combinations are endless with the variety of lumber choices and paint colours available. An added bonus is that the chair ships fully assembled so set up is simple and easy. The name of the chair incorporates the first letters of the three grandchildren of one of the owners: Josie, Emery and Milo. The JEM lounge chair is the perfect seat to have a seat!
