

# LARSON PICNIC TABLE

Model Number : LPT-6

LPTWC-6  
Wheelchair Accessible

## DESIGNER NOTES

Versatile and highly customizable depending on the application, this model was created as matching picnic table that had the same look and feel as the Larson Park Bench. Design improvements such as bull-nosed boards on edges, capping on all the ends for a finished look, and minimal board gapping to prevent debris build up are all present on the Larson Picnic Table. The intentionally recessed leg supports increase overall accessibility and ease of use. Finally, because the seat sections are not attached to table section a wide variety of seating options are available (see Product Gallery photos). For example: a creative configuration makes use of two short benches with a space in between for 'inclusive' wheelchair accessibility. Available in lengths from 4 to 6 feet.
