DESIGNER NOTES

Here is another example of a custom request that turned out so nice that we decided to add it to our current product offering. The Rutherford series has been popular for years and the idea was to make a downsized version for children. This fun and colorful picnic table is ideal in playgrounds and parks where our customers are trying to keep consistency in the design elements. The lumber is the same dimensions as the full-sized versions allowing easy replacement if needed. Seat and table heights have been reduced to make it a very comfortable table for children while still giving room to allow adults to squeeze in.
