DESIGNER NOTES

The Standard Park Bench features single pedestal legs and a slightly angled backrest. This was Wishbone's first site furnishing design that still survives to present day. Conceived as a tribute to one of the most common bench styles, this model incorporates all the low maintenance attributes inherent to our products: powder coated aluminum frame, 100% recycled plastic slats, and stainless steel fasteners. It may not be the 'looker' of the bunch, but it gets the job done.
