

THE BASE IN-GROUND MOUNTING ANCHOR OPTION

Model Number : HBGA-C

Wishbone
site furnishings

DESIGNER NOTES

When concrete is not an option or a very expensive option, the base in-ground anchor is a great alternative. Made of durable heavy-duty plastic, it will not rot or split - providing a solid mounting platform for many of our site furnishings. It's easy to install using a compacted granular base coarse aggregate. For a more secure mounting method, it can be embedded in a small concrete footing.

The anchor can be used in a variety of applications.

Installation examples where they are currently used include below pavers, in grassy areas, or integrated into asphalt. We modify the anchor to accommodate the mounting of the specific product being used. In a surface mount application, the top board is custom cut to match the bolt-down points, ensuring a perfect fit. We can then pair the colour of that board to perfectly match the lumber used to assemble the product itself.

PRODUCT SPECIFICATIONS

Made From 100 % Recycled Plastics

This product will not rot, splinter, or warp reducing maintenance costs over the life of the product.

20 Year LIMITED WARRANTY

CUSTOMIZED SOLUTIONS

PRODUCT DIMENSIONS

Height	10 inches / 254 mm
Length	18 3/4 inches / 476 mm
Width	3 3/4 inches / 95 mm
Weight	15 1/2 lbs / 7 kg

RECYCLED CONTENT

100% RECYCLED CONTENT BY WEIGHT
100% RECYCLABLE

100% Canadian Made

Wishbone Ltd. provides an extended 10 year limited warranty from the date of invoice.
