

URBAN FORM SELF WATERING TAPERED PLANTER

Model Number : UFSW-54T (Shown with OPTIONAL levelers)

DESIGNER NOTES

Self Watering Planters have revolutionized the balance between water consumption, vibrant and healthily plantings and the efforts and time input it takes to do this, particularly in dry climates. The unique built in water reservoir stores and captures all the water that comes in and directs it to the plantings. Water consumption is minimized through evaporation now directing more than 80% to when and where its needed. The benefits also extend to labour savings. Planters in the summer months require almost daily water applications to keep the soil moist and the plants healthy. Once the root systems have been established the reservoir wicks the water up to them reducing the need for daily visits and in many cases eliminates the need for watering from weekly to even monthly depending on the rainfall in that particular area. In areas where there is heavy rainfalls not only does it store the water but the build-in overflow drain ensures the soil does not get too saturated. Like the other products in the Urban Form series, the horizontal 100% recycled plastic tongue-in-groove lumber provides a finished look and that also allows for easy replacement of any board by simply removing the top edge cover. This would only be necessary for maintenance as the recycled plastic lumber does not absorb moisture and will not rot due. In municipal applications where the planters need to be relocated in the winter months the entire unit can also be easily moved by forklift as there are slots in the base specifically designed for this purpose.

AVAILABLE RECYCLED PLASTIC LUMBER COLOURS

Wishbone
site furnishings

PRODUCT SPECIFICATIONS

Perma-Deck T&G Recycled Plastic Slats

This product will not rot, splinter, or warp reducing maintenance costs over the life of the product.

Colours Available: Black, Green, Grey, Redwood, Sand, Walnut

Durable Powder Coated Aluminum Frame

Standard Colours: Brown Slate, Victor Ridge II, Nordic Lichen, Timeless Rust, Grey Gold, Textured Silver, Precious Sand, Groovy Red, Black Textured, Earth Clay, Noble Bronze, Modern Khaki, Flame Red, Pastel Orange, Signal Violet, Traffic Yellow, Ultramarine Blue, Water Blue, Yellow Green

Long Lasting Stainless Steel Hardware

Drain holes

SELF WATERING FEATURES

The unique bottom feeding method produces a vibrant, healthy and colourful display of plants and flowers.

Up to 80% reduction in water consumption

Under normal growing conditions, planters only need to be filled 1-2 times a month depending on the site location. This saves you time and maintenance dollars while conserving water and dramatically reducing your carbon footprint. Overflow drain ensures optimized watering levels.

CUSTOMIZED SOLUTIONS

Longboard® Woodgrain Aluminum Cladding Accents.
Levelers for Uneven Surfaces (UFSW-54TL)

PRODUCT DIMENSIONS

Length: 54 1/4 inches / 1378mm

Width: 21 3/8 inches / 541mm

Height: 23 3/8 inches / 592mm

Weight: 160 lbs / 72.5kg

Reservoir Capacity: 21US Gal / 68 L

Soil Capacity: 3.96 Cubic Feet

RECYCLED CONTENT

45% RECYCLED CONTENT BY WEIGHT
100% RECYCLABLE

100% Canadian Made

Wishbone Ltd. provides an extended
10 year limited warranty from the date
of invoice.
