Length	65 inches / 1651mm
Seat Height	17.5 inches / 445mm
Seat Depth	18.5 inches / 476mm
Weight	93 lbs / 42 kg

RECYCLED CONTENT

28V% RECYCLED CONTENT BY WEIGHT
100% RECYCLABLE

DESIGNER NOTES

Over the years we have been encouraged by our customers to stretch our imagination when it comes to product design. Many were wanting something that had a modern contemporary feel while maintaining the benefits of low maintenance and sustainable materials. In true Wishbone fashion we took on the challenge! We contracted none other than a European industrial-designer to help us through the process. With his help we were able to incorporate European design sensibilities into a West Coast / North American concept. Our biggest challenge was not the design, but our ability to make it a reality through our current manufacturing capabilities. This bench stretched us in ways we never thought were possible! Critical to the success of this project was innovative thinking, investment in tooling, collaboration, and sheer perseverance. Integral in the design are subtle features that really make this bench quite unique. A generous seating surface provides comfort for all user groups while the low-profile ergonomically designed back rest is both attractive and tough to tag with graffiti. Sleek armrests, a centre armrest option, and hidden fasteners give the bench a sophisticated & clean appearance from every angle. The most unique characteristic of the bench is the ability to powder coat the armrests, pedestal bases and seat section in different powder-coat colours!

AVAILABLE RECYCLED PLASTIC LUMBER COLOURS

Black Grey Redwood Sand Walnut

100% Canadian Made

Wishbone Ltd. provides an extended 10 year limited warranty from the date of invoice.
