6" Seat End BVWB-6E Seat Support BVWB-6S

8" Seat End BVWB-8E Seat Support BVWB-8S

11" Seat End BVWB-11E Seat Support BVWB-11S

DESIGNER NOTES

This top wall-mounted bench design can be made in any length and is typically installed on top of a concrete wall or plinth. The aluminum supports angle inwards at a slight angle matching the leg-ends of our Bayview family of products. Optional centre armrests help to create a sense of personal space for the user and help to discourage unwanted lying down or sleeping. Determining what is required for every application is simple. For the 11" high seat each bench requires two ends (BVWB-11E). The number of supports (BVWB-11S) required is determined by the total length and dividing it up to a maximum span distances of 20". For example, a 72" bench would have 3 supports 18" apart from each other and a 60" bench would have 2 supports 20" apart from each other. The lumber comes in 3 lengths 6ft, 10ft and 12ft. The seat is designed to be 3 boards deep creating a comfortable 17" seating surface.

AVAILABLE RECYCLED PLASTIC LUMBER COLOURS

Black Grey Redwood Sand Walnut

PRODUCT SPECIFICATIONS

100% Recycled Plastic Slats
Planks Actual Size 1 7/16 x 5 3/8
