## DESIGNER NOTES

Dolphins are playful, graceful and curious. The new Dolphin Tail brings all those things to life in a beautiful artistic sculpture, designed by Nanaimo artist Jeff King. Functional and fantastic, the 100 percent recycled sturdy cast aluminum Dolphin Tail is a wonderful addition to any oceanside and waterscape setting. It's not a fluke that the tail sits comfortably. Dive into your imagination with this curious design. Sit and see the sea in a whole new way!
