DESIGNER NOTES

The Larson 30" Bench Table is a functional way to enhance outdoor seating spaces with a table surface. Taking the concept originally developed with the Parker Bench Table, this minimalist design provides the benefits of a picnic table without the size and footprint. Enjoy a lunch for two, work on a laptop, take in the view, and rest your coffee or drink. The highly visible surface also means you won't leave anything behind! The Larson Bench table is also wheelchair accessible from one side. Available in lengths from 30" – 72".
