

MODENA STRAIGHT PARK BENCH

Model Number : M-6 (6 ft) M-5 (5 ft)

DESIGNER NOTES

Rounding out the Modena family of site furnishings is the newly redesigned Modena Straight bench. Modern, memorable, and versatile. An extremely comfortable straight bench due to the slightly rounded seating surface. As with all straight benches, users can sit on either side depending on their preference. Arm Rests and leg ends that extend out past the leading edge of the seat section discourage state boarding. Attractive cast aluminum leg-ends are made from recycled automobile & truck rims. This bench also incorporates Wishbone's unique no-weld construction which makes for easy shipping and assembly.
